FOR IMMEDIATE RELEASE

**New Eclipse and Medallion designs create affordable luxury  
- Coordinate perfectly with modern and sumptuous materials -**

TEMPLE, Texas (June 1, 2009) – As today's kitchens have become more sophisticated with the use of high-drama materials like stainless steel, chrome, copper and black glass, the adjoining surfaces must follow suit. Three new additions to the enormously popular Wilsonart® HD® High Definition® Laminate line redefine luxury and drama at a price that almost anyone can feel good about.

The Eclipse Series, in two colorations, is inspired by the light and dark dimensional look of engineered quartz surfaces, and at less than half the cost and with a unique texture all its own. And as with all Wilsonart Laminates, Eclipse Series designs can be completed with Wilsonart Decorative Edges as well as the new Wilsonart® HD® integrated sinks.

- **Bronze Eclipse:** A blackened bronze with patina highlights.
- **Ebony Eclipse:** A smoky charcoal with translucent blue particulates.

**Medallion**, a rich layering of bronze, red and green, shadowed in black, offers a striking look that can be interpreted as metal, leather, or even a painted surface.

Eclipse and Medallion were designed to blend in with rich materials such as metal fixtures, leather furnishings, silk rugs and wall coverings.

**-more-**

***Eclipse, Medallion Series, page 2 of 2***

Both Eclipse and Medallion feature Wilsonart's AEON™ enhanced performance technology, which brings up to *four times* the wear resistance of the industry standard to the surface and dramatically enhances the clarity of the designs.

All Wilsonart Laminate is GREENGUARD® Indoor Air Quality Certified and is rated for both commercial and residential use. High resolution images are available for downloading at: [www.axiomcom.com/wilsonart](http://www.axiomcom.com/wilsonart)
